Bureau/Office Accomplishments – FY18-Q1 and Q2

1. Please list at least two instances of meaningful proactive disclosures your bureau has made this quarter.

Proactive Disclosures and Transparency	
Description of new records, datasets, videos, etc. posted	Website URL or FOIA Library location
SOL did not make any proactive disclosures this quarter	

2. Did your bureau use any means to publicize or highlight important proactive disclosures for public awareness this quarter? If yes, please describe these steps.

Yes. Requesters seeking records related to former Secretary Zinke’s travel schedule were directed to specific links within the OS FOIA library.

3. Please provide the following:

- **Number of (a)(2) Records Posted by your bureau’s FOIA Office(s) this quarter:** Provide the sum of all (a)(2) records posted to your bureau's FOIA webpage(s). This includes (a)(2) records posted in your FOIA Library or anywhere else on your FOIA web pages; and
- **Number of (a)(2) Records Posted by your bureau’s Program Offices this quarter:** Provide an estimate of all (a)(2) records posted to the bureau’s non-FOIA web page(s).

No (a)(2) records were posted by SOL.

Bureau/Office Accomplishments – FY18-Q1 and Q2

4. Please provide at least one example of how your bureau has improved its online presence (e.g., new efforts to solicit feedback on website content/presentation, improve content and search capabilities) this quarter.

SOL has hired a full time Resource and Communication Specialist who will be working on improving our online presence.

5. Please discuss your efforts to reduce your backlog this quarter.

SOL continues to periodically reach out to requestors to determine request interest, and regularly communicates with our responsive components in efforts to ensure that requests are closed in as timely a manner as possible. SOL has hired additional contractors to help process documents to assist in backlog reduction. SOL is in the process of adding additional contractors.

6. Please provide an estimate of how often requesters sought assistance from your FOIA Public Liaison this quarter.

10 -15 requestors sought assistance in Quarters 1 and 2.

7. Please discuss your efforts this quarter to close the ten oldest requests your bureau reported in the last FOIA Annual Report.

We retrieved all responsive documents from custodians and eERDMS. The documents were de-duplicated and batched for review. The total collection is approximately 101,000 pages. SOL FOIA has created a project management schedule to complete the production in a timely manner. SOL has consulted with DIA subject matter experts to facilitate an efficient and consistent review of the records.

8. Please discuss your training efforts, including:

- a. The number of conferences or trainings held this quarter;** Weekly trainings (FOIA analysts), phone conferences (SOL attorneys, paralegals, and other professionals involved with FOIA).
- b. Who lead the conferences or trainings;** Lance Purvis and Angela Moore.

Bureau/Office Accomplishments – FY18-Q1 and Q2

- c. **A brief description of the topics covered;** General overview of FOIA, conducting searches and creation of search strings; reviewing records for disclosure; using the FOIA DMU Tool, agency guidance and updates, exemptions, drafting responses to requesters, technology updates and tools.
- d. **An estimate of the number of participants from your bureau who were in attendance;** 20
- e. **Whether all FOIA professionals (bureau employees in the 0306 job series) have received core, substantive FOIA training *this fiscal year* (if they have not, please include the percentage of bureau FOIA professionals who have and your plans for ensuring they do receive this training *this fiscal year*); and** SOL has no employees in the 0306 job series.
- f. **Whether all bureau employees with FOIA responsibilities have received substantive FOIA training *this fiscal year* (if they have not, please include the percentage of bureau employees with FOIA responsibilities who have and your plans for ensuring they do receive this training *this fiscal year*).** All SOL employees are required to take FOIA training when onboarding, additional training is optional and at their discretion.

9. Has your bureau fully complied with the Department's FOIA Certification Program this fiscal year? If not, please include how you plan to remedy this deficiency before the end of the fiscal year.

To date this step has not been fully completed. SOL will continue to work towards sharing training opportunities with attorneys, paralegals, and FOIA analysts conducting searches and reviews to ensure compliance.

Project name: DOI FOIA Automation

Purpose: Improve the Department's Freedom of Information Act (FOIA) electronic processing and case management systems.

Need: Replacing outdated processing and case management tools will improve FOIA processing and management, as well as reduce the existing cumbersome requirements on record custodians by improving integration with the BisonConnect email system and the Email Enterprise Records and Document Management System (eERDMS).

Alternatives considered:

1. Processing:
 - a. Advanced Early Case Assessment (AECA) - Accelerate 5 in the eERDMS Solution.
 - b. Optional Service Provider (Ricoh) using Relativity - eERDMS Optional Service.
 - c. Relativity review and redaction platform - procure software licensing and hosting capabilities
 - d. Status Quo - continue FOIA processing use basic Adobe features for review and redaction
2. Case Management
 - a. FOIAonline - GSA shared service for FOIA Case Management
 - b. Status Quo (Electronic FOIA Tracking System (EFTS)--created by Department with a contractor 18 years ago and maintained by a Department programmer)

Justification for preferred alternative:

1. Processing

In 2012, the Department acquired the eERDMS platform that includes the AECA component for document review and redactions. The AECA is recognized in the industry as being able to more readily handle the extremely high volume of documents that will be required for FOIA processing in DOI than products like Relativity. AECA and the rest of the eERDMS platform are provided by the same vendor and therefore provides better integration with the eMail archive. In addition, the Document Management Unit (DMU) is already using AECA for processing Congressional Oversight requests.

2. Case Management

THE SECRETARY OF THE INTERIOR
WASHINGTON

ORDER NO. 3371

Subject: The Department of the Interior Freedom of Information Act Program

Sec. 1 Introduction. The Freedom of Information Act (FOIA) is an integral part of the Department of the Interior's (Department) operations and cross-cuts all of the Department's programs and initiatives. A stable, agile, and secure FOIA program is necessary to ensure effective compliance with the FOIA. It is the responsibility of every employee to cooperate with FOIA staff throughout the Department, including timely producing agency records that are responsive to FOIA requests and assisting FOIA staff with understanding the program interests the responsive records impact.

Sec. 2 Purpose. The Department is fully committed to an equitable FOIA program that ensures compliance with statutory requirements of transparency, accountability, and prompt production. The decentralized manner in which the Department's FOIA operations are currently managed creates challenges for coordination and accountability. Exponential increases in requests and litigation have made improvements to the program a priority. The Office of the Solicitor (SOL) has established a strong legal framework for, and expertise in, the FOIA; there is a logical legal and policy nexus between SOL and the FOIA (particularly given SOL's ongoing interface with the Department of Justice on litigation and other matters).

This Order designates the Solicitor as the Chief FOIA Officer; creates the position of Deputy Chief FOIA Officer (DCFO); establishes a reporting relationship for the Departmental FOIA Officer and Bureau FOIA officers with the DCFO; and creates a team to provide strategic direction for selected FOIA requests that impact Department-level interests.

Sec. 3 Background. From Fiscal Year (FY) 2016 to FY 2018, incoming FOIA requests to the Department increased 30 percent (from 6,428 to more than 8,350). Some Bureaus and Offices have been hit especially hard. The Office of the Secretary (OS) FOIA Office, for example, has received a 210 percent increase in FOIA requests from FY 2016. The Department's attempts to respond accurately, completely, and in a timely manner to every request have been further hindered by the dramatic increase in litigation, particularly over Bureau non-response to initial FOIA requests. For example, at the close of FY 2018, the Department had a total of 129 active FOIA cases in litigation (39 in OS alone) compared to a total of just 6 cases in litigation at the close of FY 2015 and a total of 30 cases in litigation at the end of FY 2016.

The Department processed more than 6,900 requests in FY 2018, compared to 6,437 in FY 2016. Despite the increased production, the Department's backlog of requests without at least a partial response has also increased. It is clear that some aspects of the FOIA program's decentralized structure hinder efficient and effective management of operations in the current environment. Different reporting structures across Bureaus, varying sets of operating

procedures, and insufficient levels of accountability contribute to the need for Department-wide clarification of the roles and responsibilities of the FOIA program.

Sec. 4 Authority. This Order is issued under the authority of the Freedom of Information Act, as amended (5 USC 552), and section 2 of Reorganization Plan No. 3 of 1950 (64 Stat.1262), as amended.

Sec. 5 Roles and Responsibilities. Provided below are descriptions for the primary roles and responsibilities of the FOIA program:

- a. Chief FOIA Officer. The Solicitor is hereby designated as the Chief FOIA Officer.
- b. Deputy Chief FOIA Officer. The position of the Deputy Chief FOIA Officer (DCFO) is hereby established. The DCFO shall report to the Solicitor and oversee the Department's FOIA program, which may include establishing FOIA policies, procedures, and practices, and directing the activities of the FOIA program throughout the Department in consultation with, as appropriate, the Deputy Bureau Directors. The DCFO may also assume control over any aspect of any FOIA request in the Department, with the exception of those sent to the Office of the Inspector General (OIG). The DCFO will manage, and determine when to utilize, the FOIA Assistance Coordination Team (FACT).
- c. DCFO. The DCFO shall provide appropriate guidance to the Departmental FOIA Officer and have a reporting relationship with the Departmental FOIA Officer, including approving the annual performance plan, providing input into the progress review and rating narrative, and approving the final rating.
- d. Bureaus. Each Bureau shall have a full-time Bureau FOIA Officer who is responsible for their Bureau's FOIA functions and shall have, with the exception of the Bureau FOIA Office for the OIG, a dual reporting relationship to the DCFO and their respective Bureau Deputy Director. With the exception of the Bureau FOIA Office for OIG, the DCFO will approve Bureau FOIA Officers' annual performance plans, provide input into progress reviews and rating narratives, and approve the final rating. Bureau Deputy Directors will assess, ensure, and report their Bureau's FOIA compliance to the Chief FOIA Officer.
- e. FACT. This Order establishes the FACT.
 - (1) The FACT shall consist of the DCFO, a representative of the Division of General Law, the Departmental FOIA Officer, and additional members requested by the DCFO (including, as appropriate, FOIA professional or program experts from Bureaus affected by a FOIA request).
 - (2) Bureau FOIA Officers will be responsible for providing input into decisions of the FACT, when requested by the DCFO, and for executing all decisions affecting their Bureaus that are made by the FACT.

Sec. 6 **Implementation.** The Solicitor is responsible for implementing this Order. Heads of Bureaus must ensure completion of revisions to their Departmental Manual functional descriptions and Bureau manuals and policies to reflect the requirements/changes in this Order within 30 days of the effective date of the Order.

Sec. 7 **Effective Date.** This Order is effective immediately and will remain in effect until the provisions are converted to the Departmental Manual, or until it is amended, superseded, or revoked, whichever occurs first.

A handwritten signature in dark ink, appearing to be "D. K. Zinke", written in a cursive style.
